Thanks Reb Guard.

Etrog blocks this link...

Now I'm a nervous wreck wondering what I'm missing out on...

Don't worry... Having everything blocked is even better serenity... ;D

It must be new. K9 has it categorized as "unrated" so I am also unable to get to it.

Very nice niggun.

K9 is not blocking it for me, because unrated sites are allowed in my setup (I do also have Jnet).
