That IS interesting - we know that our whole purpose in this world is to deal with nisyonos (it's not just a matter of beauty, it's the only purpose of our existence, of the existence of this world), so why DO we ask not to be placed in situation of nisyonos?

Maybe that's our effort, reminding ourselves that we're not interested, and by doing so, showing hashem the direction we want to go in?

Hashem knows what nisyonos we need and what we can handle... no need to temp the Satan and ask for them. David asked for a nisayon (bichaneini hashem vi'naaseini) and he got one and fell. (bat sheva)

And as is obviuos from our davening every day. even the tests that are meant for us we pray and ask Hashem to help us avoid them.

I'm still not sure I understand - since we need our tests to grow, what happens when we daven to hashem to help us avoid them? If we avoid them, then what happens to that growth we needed? Unless the act of davening to avoid that nisayon is the same as grappling with it?

that's one thing i think . tefilla is a way of getting things from H" . nisyonos aren't the only way to grow. but they seem to be the main way. we can also ask that the nisayon come in a diiferent form and intensity . bechesed. or through a hard Toisfos instead of a stubbed toenail (what? :o :o :o)

the g'ra says in Even Sh'laymo that bitochon is the opposite of taivah for physical pleasure. to  
kill taivah we need to trust in H' . he didn't say belief (emunah ) he said trust. i think this is what  
we're dealing with here . it could be that our taivos , everyones are based in a drive to fill a  
physical need that we think we must have .....or we'll die we must have it NOW . we feel  
we must provide ourselves w/ it .WE have to take care of ourselves b/c if we don't who will?  
take it , steal it or you won't get it . trust teaches us the opposite . H' provides H' takes care of  
you H' gives you what you need . more on this .....
