

Uri's Songs

Posted by the.guard - 09 Aug 2009 22:55

Hey guys, did you know Uri was a soulful musician?

[Click here](#) to download a song he sent me, that he played and sung on the guitar... Brings tears to the eyes... :(

Here are the lyrics: (Uri, maybe you should consider going around the world and playing GuardYourEyes songs to be Machzir yidden bitshuvah, like Shlomo Carlbach? :D)

My Guard Your Eyes Song - By Uri

Im walking down the city street.

I'm staring at my feet.

I sense pritzus all around,

but my eyes are looking down.

Is that how it should be?

Life in the holy city?

How far are we gone,

from the city that was song.

Hashem!Hashem!Listen to our tears!

We've been washing the streets of jerusalem with them for 2000 years!

Our father,our king!Wont you hear our cries?!

Where are you, Tatte? Please don't say goodbye..

When I finally reach the wall,

feeling 2 feet tall.

I touch the holy stones of G-d

and I start to sob.

I cry for my family and my friends,

for my sickness that never ends.

But I realize that I am not alone.

a sigh comes from the stones.

They cry:

Hashem! Hashem! Listen to their tears!

They've been flooding the streets of Jerusalem with them for 2000 years!

Our father, our king! Won't you hear their cries?!

Where are you, Tatte? Please don't say goodbye.

I lay in bed all night,

tossing till first light.

I feel so alone,

though my family are all home.

*My need is so strong,
but acting out is so wrong.*

*Isnt there a way,
for comfort without pay??*

*Is it worth the cost,
to let lust be my boss?
My heart wants TV,
but my neshama starts to sing!*

She cries:

*Hashem!Hashem!Listen to our tears!
We've been washing the streets of jerusalem with them for 2000 years!
Our father,our king!Wont you hear our cries?!
Where are you,Tatte?Without you,we will die.*

*Hours by the computer screen,
with all thoughts unclean.
My neshama sits forlorn,
In a world not her own.*

*Is this who I want to be,
a person who isnt free?*

Prisoner to my lust,

break free is what I must!

Hashem!Hashem!Listen to our tears!

We've been washing the streets of jerusalem with them for 2000 years!

Our father,our king!Wont you hear our cries?!

Where are you,Tatte?Without you,we will die.

My soul wants you so,I want to sit on your lap.

Tatte please hug me,I want you to wrap.

your arms around me,I'm so tired and cold!

Abba take us home!To the city of gold.

Here's a new song by Uri, inspired by Momo's Journey...

[CLICK HERE](#) to download the MP3 file.

The Fall

I'm broken

I'm feeling down

Hashem my love

nowhere to be found

I try to stay strong

but I just fall again.

When will the day come

when this nightmare will end?

My son my son

I'm right here by your side!

Why would I go

And why would I hide?

Do you think I'd leave you

when you need me most??

My child I love you

says the heavenly Host.

Walking down the road

my heart is torn.

Why can't I be good?!

And stop watching porn?!

There surely must be

a special place for me in hell.

It's the forth time already

this week that I fell.

My son my son

Please pick yourself up

Why do you beat yourself??

Enough is enough!

I gave you the hardest mission

this'll take a bit.

But it'll never get done

if yourself you always hit.

Hashem must be so mad at me

I say to myself

I keep breaking my word

Hurting my neshama's health.

Will I ever be clean

Will I ever be good?

When will I be perfect

Always doing what I should??

My child did you not listen

When I said you were my son.

Does a father leave his child?

You are my only one.

The test I gave

Takes a lifetime to fulfill.

My son please have some patience

You'll make it, yes you will.

Uri,

I'm speechless.

It's beautiful.

Thank you.

Uri, Guard, I had an idea and I'd like your feedback. It's more of a vision.

What if you professionally record these songs on a CD, printed out a jacket with the words and a one page blurb about GYE. We then produce and distribute the CDs for free (donations needed) to spread our word. I've seen plenty of CDs given out for free for much less worthy causes.

Is this project too big for us? Uri, Guard, would this interest you?

wow. uri, i know i said this before, but you're AWEsome!!!

and i think mom's idea is great, but it would take a lot of planing. and there is the problem of words like p*** and m*****, which i'm not so sure people would want to have in their cd cases.

but i still think it would be a great idea.

and Uri- since i walk around my house singing your songs and humming the parts i can't say out
KUTGW!

I forgot about those "special" words. Hmm, we'd have to work on that.

I'm serious about the idea, though. Once Guard and Uri think about it over the weekend, I'd like to hear what they think.

i did mean momo. i just type too fast. and that's not one of the typos i noticed when i read it over. sorry!!

Eh, Habib, I'm not your Mom. I'm a guy. 7UP is everyone's Mom.

=====

I know, probable a typo. "mom", "momo", what's the difference?

Right on Habib,

I was laughing my head off trying to visualize me walking around my house wife children & all singing Uri's Beautiful songs without bleeping any of the words.

My wife giving me this Horrid looks while calling a psychiatrist trying to find the earliest appointment available for me.

My kids asking me Hey, Totty, Whats that word again you just sang? I never heard that one before! Is that English, Yiddish, Hebrew or what?

Well kids it is actually FRENCH! lol

Hey Uri,

We should get in touch. I'm also a 20 year old guy, and I've been dealing this since age 12. With the help of this forum (I came here in November 08) I have been making great strides in this area. I have a thread in the wall of honor forum which I've (sadly) not been posting in lately, so it's likely on the second page. I greatly admire the fact that you are able to put yourself into a song, and then have the courage to share it with anyone who may listen to it. I think that says a lot about how much you want to win this war. I wouldn't worry about it too much. After listening to your songs I can honestly say that if ANYONE can do this, YOU can. Thanks for the chizuk!!
