Welcome back Unomas, we missed you! We are here, and we care!

You went through so much in your younger years, yet you still say you had a "happy childhood".
You obviously have a great attitude, that will help you so much.

Gevura!

Hello everybody!

Sorry I had to go away.

Much love.

So sad to see you go. Your story really touched me. I hope that you find the healing and comfort you need.

(And I hope you stick around under your other name, whatever it is.)

Gevura!
