

I'm about to FALL!!

Posted by jerusalemsexaddict - 13 Aug 2009 21:26

Allright so as everyone here knows,we on the site often here desperate "call-outs" from people who feel that they are about to fall any minute.Sometimes the emergency units don't have enough time to respond to put out the fire,or are simply unaware of the emergency.

In any case,I am declaring this guardyoueyes's official 911 switchboard.

If there's an emergency of any sort,even a chashash,post here IMMEDIATELY!And well come to your rescue as soon as possible,iy'h.

You can post your emergency here,or give us a link to your thread where you can speak about your emergency.And our volunteers will respond as soon as possible to your calls.

As some people might feel uncomfortable reading women's struggles,I am putting one in the women's section,and whoever feels safe creeping over to the other side of the mechitzah is welcome to go in thereand help.

Wishing everyone the best-Uri

My wife had no problem buying the sneakers online; she was just giving me a choice. To me it was a no brainer.

My wife knows about it. I told her when I was 4 months clean (now up to 518 days, b'Ezras Hashem).

I am having the same problem right now!! I closed the browser and did not get to see anything... is this considered a SLIP or a FALL for the 90 day chart? I have been clean for an entire week, but just had a very ugly fight with my wife. Fortunately, i understood this to be a test just in time! But I was just wondering if I have to reset my count because of ACTIVE looking for trouble (typing and searching on unprotected computer).

Thanks!

according to the rules, that would only be considered a slip, check out the rules on the 90 day chart page and kol hakavod fo realising the test beforehand! thats the trick, keep up the good work!

FTS, sorry for my delayed answer

Having ur wife know of ur struggle can make it easier by her being more available to u in time of need, or just for support, and they can admire ur effort in trying to avoid all the triggers out there which they also know about but never thought it applies to their holy husband, but with the proper guidance a wife can understand that man are from mars & women are from venus, and men get aroused very quick & its a constant struggle for a man to keep his eyes & thoughts holy as a yid is suppose to

Me too used to put up a face in the past that nah, all these women on the street all dressed up much nicer than my wife don't mean me & I'm above that, but I finally figured out that this is just increasing the tension & decided to let her know slowly that yes, I am no big tzadik & I get triggered & guess what she made a big change in her appearance for me & u know what, it does help, I'm not gana say that she can measure up to those pretty women, but I also know that don't measure up to other qualities she has & they probably don't & I know that she does the best she can do with herself & that makes me feel good & I am trying on my end to do the best I can on me end, believe me guys living in denial is not gana help us & neither will it help

our beloved wives, life is a challenge we only live once & we have to pass the test, thank u guys for listening to JIP

Most women are aware of mens weaknesses. This has nothing to do with porn or making watching into a pastime. This is something incredibly ugly to them. If their husband would spend hours staring at wifes body i think they would be sickened.

I would be very sad if you fell.

Stay calm and focused on something meaningful.
