

I'm about to FALL!!

Allright so as everyone here knows,we on the site often here desperate "call-outs" from people who feel that they are about to fall any minute.Sometimes the emergency units don't have enough time to respond to put out the fire,or are simply unaware of the emergency.

In any case,I am declaring this guardyoueyes's official 911 switchboard.

If there's an emergency of any sort,even a chashash,post here IMMEDIATELY!And well come to your rescue as soon as possible,iy'h.

You can post your emergency here,or give us a link to your thread where you can speak about your emergency.And our volunteers will respond as soon as possible to your calls.

As some people might feel uncomfortable reading women's struggles,I am putting one in the women's section,and whoever feels safe creeping over to the other side of the mechitzah is welcome to go in thereand help.

Wishing everyone the best-Uri

Hope its not too late...get out of the house and go jogging or something...don't think about how you DON'T wanna fall...think about your mom or something, or baseball, or something else asexual.

The best in a sitch like this is to call on a live buddy. Even if u fell this time (c'v), put some effort into making a connection with a real human being, not faceless, nameless computer character like us.

Mottel (it is my name)

1) I know how you feel. I've been there too many times to count.

2) When I first opened up to somebody it was scary as hell, but the fear only kept me from some of the greatest resources I have now.

Search on this site for the words, "Captain Kirk"...have fun and hatzlocha. It might explain a bit...

Def-ly know how you feel about talking to a live person. I, too, have a sensitive stomach. Don't talk to just anyone. However someone who shares the problem (like people on this forum) will become your best asset in this struggle, just like maccabee said.

And capn kirk is a great read and it will explain a lot.

I couldn't bring myself to talk to anyone for a long time, and I wouldn't even pick up the phone when someone would call me. When I finally started calling out, I would pray that the person on the other end would not pick up.

But eventually I got over it and it kept me sane and sober.

Wishing you the same,

Mottel

Have you tried staying away from facebook and tv? And yeah, find someone to talk to, but not before you resolve to get helped, not just take your mind off facebook till the next time you go on it.

I also think that turning away from the TV and the computer for a little bit may be helpful. Maybe go for a walk. Read a good book that you haven't picked up in a while. Call a friend. Talk to them about anything.

Yeah. Hashem can. Beg Him to help you stay clean just for another few minutes, then you'll fall. If it works, then if you want you can try another few minutes.

All the best!!!!

Yeah, what are you doing about it? Reaching out here is one thing - a big thing. But can you detail exactly what you are doing that is troubling you?

A strong urge is not an aveiro - and it is really not a problem. Yeah, it stinks, but it passes. But if you are here then I guess you have been acting out your temptations a bunch, like I have - I know that bitterness. Can you detail what you have been doing that is a problem for you? Or is that too shameful? It's OK if it is, just admit it and we can go from there.

You are making a good step, like we all make when opening up. Yelchu mechayil el choyil!
