

I'm about to FALL!!

Posted by jerusalemsexaddict - 13 Aug 2009 21:26

Allright so as everyone here knows,we on the site often here desperate "call-outs" from people who feel that they are about to fall any minute.Sometimes the emergency units don't have enough time to respond to put out the fire,or are simply unaware of the emergency.

In any case,I am declaring this guardyoueyes's official 911 switchboard.

If there's an emergency of any sort,even a chashash,post here IMMEDIATELY!And well come to your rescue as soon as possible,iy'h.

You can post your emergency here,or give us a link to your thread where you can speak about your emergency.And our volunteers will respond as soon as possible to your calls.

As some people might feel uncomfortable reading women's struggles,I am putting one in the women's section,and whoever feels safe creeping over to the other side of the mechitzah is welcome to go in thereand help.

Wishing everyone the best-Uri

Oh, and if he does then I'll make sure to throw her out on the street in the middle of the freezing night regardless of what she's wearing. Gotta show that I'm serious, you know. Then he'll get all upset so I'll just smash his face in with her whore-boots.

Rabbi Wayne, you are officially nuts.

You're just realizing this?

Aren't we all?

I'll agree with you there, but some of us are still only "unofficially" nuts.

It's intersting to note that scientifically, the sympathetic system is responsible for arousal, erection, while the parasympathetic system-which calms us down- is responsible for ejaculation. I always thought that the final Zing would be carried out by the system that is responsible for an excitatory response.

You're actually correct in your original way of thinking. The parasympathetic system is responsible for arousal and the sympathetic system for ejaculation.
