

I'm about to FALL!!

Posted by jerusalemsexaddict - 13 Aug 2009 21:26

Allright so as everyone here knows,we on the site often here desperate "call-outs" from people who feel that they are about to fall any minute.Sometimes the emergency units don't have enough time to respond to put out the fire,or are simply unaware of the emergency.

In any case,I am declaring this guardyoueyes's official 911 switchboard.

If there's an emergency of any sort,even a chashash,post here IMMEDIATELY!And well come to your rescue as soon as possible,iy'h.

You can post your emergency here,or give us a link to your thread where you can speak about your emergency.And our volunteers will respond as soon as possible to your calls.

As some people might feel uncomfortable reading women's struggles,I am putting one in the women's section,and whoever feels safe creeping over to the other side of the mechitzah is welcome to go in thereand help.

Wishing everyone the best-Uri

BAD, there has got to be someone who needs chizuk. I am good for the next 3 hours, but the TV is calling to me, and I can use whatever chizuk You have to give me. ALso please try and help me with regard to my recent posts on my thread (wall of honor). Am I an SA, or merely a 'dry addict' with a history of SA, TV, Video Games, and now Blogging? the tzad hashaveh, is that they dull my brain,into a numb cloudy feeling.

[sHeMiRaTeInAyIm wrote on 17 Feb 2010 06:00:](#)

I used to be addicted to TV, watching regular programming as much as I could, and never getting around to anything...even food! I could starve to death watching TV!! Then this was replaced by video games, and now I have revisited this addiction with blogging on GYE (only). Guard knocked some sence into me, and it has worked wonders. For the first time in weeks I have actually read peoples troubles and written long responses, They are also pretty kedai to read!

But what do you guys say? am I a dry addict, looking for an "electronic fix" or am I an SA, who's addiction is to S___ of a form (in my case only p___ and formerly hz"l).

ANd chizuk would be mucch appreciated. nafka mina, starting shidduchim without a clean streak per-se (only a few falls, during big nissyonos). I am starting to feel that I'm not an addict, but rather a former addict, with a below average Y"H. and my former habits bring me to choose p___ as my outlet.

please respond here: rehab-my-site.com/guardureyes/forum/index.php?action=profile;u=39

Feel free to post real nissyonos on the rest of this thread:

Doesn't anyone want to take-me-up about this?

Tomim saved the day. We had a nice chat, in addition to some chizuk.

And As R Bards Shlita told me, it helps to have to report my falls. And where better to do so than on this emeregency thread. I lay in bed this morning, and contemplated using the laptop (I use GYE at public terminals) to watch p--- . I started thinking half-baked hirhurim, always stopping myself before I looked at the womean, or did anything. And after 20 minutes of that, the next phase on tyhe nissayon came. I was gonna use the laptop, but for 30 minutes Hashem hapt interrupting me with important phone calls, so my milchemes hayetzer continued. But my nissayon was not yet over. Now that I was fully awake, I actualy got-up and oppened the private browser, and started to search, lemazali I saw very little, and alot of the videos didn't open. The one video I was REALY interested in watching, took a long time of kosher content, untill it got to the issur shebo...and the moment it started....R Bards was sent mishamayim to bail be out. I had the most meaningfull shomeh esrai in a long time. I cried meomka delibi, for my nissyonos and my torah. I resolved to try learning, as hard as it is, just for those few minutes I can get in...in addition to being able to feel the tzar of not being able to learn. to be able to pickup my printouts of dapei gemara and say "AL Aileh ani bichiya, Aini Aini yarda mayim, Ki rachak mimeni menacheim Meishiv nafshi. Hayu panay kichalamish ki gavar oyeiv"

R tzaddok brings in his shtikel on the sefer yetzirah chodesh av (*from memory*) that Veruach elokim Meracheif al pnei hamayim, da rucho shel mashiach. That when we mourn, and cry bechiyos of teshuva that is molid the mashiach, and this is the kavana of his name being Menacheim. And kal hamisavel al yerushalayim zoche veroeh bevinyana. (many say this) Ay, so many have mourned tikkun chatzos and have not seen the Binyan? Teretz is, that the beyicha is in itself the geulah betoch kol echad ve'echad. Each person has the capability of being within a framework of the churban bayis, of galus. Yet each person can elevate himself to a giluy shomo tisborach, and an awareness that is revealed during the times of the Binyan bayis!

"Shechora Ani Vena'avah bnos yerushalayim Keohalei Keidar Kayirious shlomo" Onkalus there in shir hashirum (maybe rashi too) learns the reference to chalamish as yisrael being ovoid AVodah Zara. It was not our identity, and it was not a part of our intrinsic identity. Lehefch yisrael are meinminim bnei maynminim, bnei avraham yitzchak Veya'akov, they are our roots, our supporting pillars, and they imbued their great ma'alos into the very fiber of our being. * lefi havanasi* The reference to the "soot on our face" describe the nature of the avaira as being something external, that has defiled us, in the form of a klipah. Yet what and who we are remains intact. Arba Avos nezikin...vaHahever (fire). Yet the Gemara on 4a never make a chiluk between avno sakkino vemasao shenafal meirosh gaho, as being any bit chaluk from aish..since aish is not techilas asiyaso lenezek. And this plays out on amed beis as well. R nachum also learns like this, that eish is not techilas asiyasolenezeh, af al pi that is IS darko leilech ulehazik. If my memory doesn't fail me, I think this is because the aish itself is made for constructive purposes. cooking, heating, metal working. The pashtus of the gemara is not one lighting a fire on a pile of wood, in the middle of a dry forest!! There are other, more muchrach, rayos. I learnt like this, and later heard it beshaim R nachum. Anyway aish in itself is not a DAVAR HAMA'ZIK, it is only when it spreads that it becomes a mazik. Anyway, aish isn't a dvara hamazik. Now what is the tzuras Hahezek of aish? (R moshe Schapiro) It is mechaleh the metzius. As long as aish is being mazik, it is aish. The moment it stops being mechaleh the metzius ("chemical reaction of combustion") it is extinguished! (This was the more muchrach sevara I had to the pshat above). Zegt R Moshe Schapiro, there are two types of aish, "Aish shechora al Gabei Alsh Lebvanah" Alsh shechora is mechaleh, aish levana is maylR. He has a vort on the torah needing to be compromised of both-simultaneously (if I remember correctly it may have even tied-into haman). The Aish Shechora of the yetzer hara is mechaleh metzius, however the soot is only on a face, not from our own destruction, but merely as a klipah that stems from the destruction of something else. Remember that every makom of Rah is truly a kisuy for unfathomable tov (gedolah midah tovah mimidah puraniyus)!! If we used the opportunity of having our heads already in the fire...to overcome the Y"H. We would be mitlabesh with such kedusha, the tzad hatov of this would be meir es penainu with an or that is niregh to tzaddikim. R efraim waxman says about this or, that it is meir from his chelek hanesha baolem hazeh, to its counterpart in shamayim....and tzaddikim can see when you have this OR.

Sheva Yipol Tzaddik Vekam Lo...I told you of my nefilah, and you can now bear witness to the

kimah that I underwent as I thought of this post. (my appologies for the randomnes)
