I'm about to FALL!!
Posted by jerusalemsexaddict - 13 Aug 2009 21:26

Allright so as everyone here knows, we on the site often here desperate "call-outs" from people who feel that they are about to fall any minute. Sometimes the emergency units don't have enough time to respond to put out the fire, or are simply unaware of the emergency.

In any case, I am declaring this guardyoueyes's official 911 switchboard.

If there's an emergency of any sort, even a chashash, post here IMMEDIATELY! And well come to your rescue as soon as possible, iy'h.

You can post your emergency here,or give us a link to your thread where you can speak about your emergency. And our volunteers will respond as soon as possible to your calls.

As some people might feel uncomfortable reading women's struggles,I am putting one in the women's section,and whoever feels safe creeping over to the other side of the mechitzah is welcome to go in thereand help.

Wishing everyone the best-Uri

Pick yourself up now! Do something that you enjoy to get your mind off of your fall.

I often wonder what "getting up" really means

Dov: no more viagra jokes. this is NOT the joke corner. this is the crisis thread for folks who think there's nothing to do in life except [that] and/or [that]. and we wanna help them. maybe by ahdunno, telling some jokes.
Oh. I get it. Carry on, Dov.

Anyway, it was really a serious question. Getting up after a fall, to me, implies that the person is on his or her way to do something. Could it possibly just be getting back on the same horse that threw you a minute ago (and fifty-seven times before that, too)? Is this wisdom at all?

Just a thought. It seems there may need to be a change of 'horses' here, even if it is the middle of the stream. ==== Re: I'm about to FALL!! Posted by aaron - 07 Jun 2010 15:01 OK, today's gonna be tough... i have most of the day home (practically) alone with the computer... im gonna try and stay away from all of them except for my laptop which has a filter easier said than done. maybe i should take a shvua on staying away from these computers for the next X number of hours... what do u guys think? Re: I'm about to FALL!! Posted by Chazak Amenu - 07 Jun 2010 15:11 that sounds like a good idea, i would also suggest closing all the doors to the rooms with the computers with out filter so if you go near them, the close door will remind you that you are not allowed in there and the tumah is closed off to you. ==== Re: I'm about to FALL!! A list always works for me, make two and put them up where you can see them, think long and hard abut them and use asmuch detail as possible

2. consequences of keeping (i.e imagine how much nachos and what great mitzvah it is to keep it in the hardest of times!)
