

Once again I fall. oyy when will this end
Posted by rebdovid - 07 Nov 2011 21:07

Dear Friend fellow comrades.

I fell again after 112 days of being sober, I am clean for just a few minutes now.

I hate this, I know this does serious damage to my neshomo, but I will not surrender I am up for
a new start a new fight.

Committing for being clean for the next 10 hours, please pray for me I cannot do this myself.

Thank you.

Dovid.

I'm with you buddy, I know exactly what it's like. I just checked out some of your old posts. Did
you ever join a 12 step phone call or anything? Have you spoken about your problem with a
real person? What have you been doing to stay clean?

Just a bump on the road.

One act does not necessitate or justify another. Stand up, dust yourself off. Daven. Move on.
No wallowing. Just moving on.

Like it didn't happen.

Back in the truck now!

Please keep strong

its the next day or two that are crucial

don't let this bog you down

because it will be harder to get up

Thank you Guys I am clean for a few hours now.

It's never ending.

In the past I have joined 12 step programs.

What kept me clean is this forum and other forums and filling my day with meaning and being very busy.

Personally I find every day crucial. Each day on this world has a mission to accomplish. If we accomplished yesterday's great. That is precious and we have that. But whether we did or didn't yesterday changes nothing with respect to today since we have a new mission and a new opportunity for growth. Why miss out on it because yesterday you missed. Doesn't make much sense. Hatzlacha

If you fall after a long streak it is very easy to lose sight of what you acomplished and you feel your back to the same problem

It also gives you the opportunity to assess whether you are actually learning how to deal with the problem. Maybe we need something else. For example, if filters and accountability software don't work for a porn problem then it's time to reassess your strategy. Maybe you

need to join one of the calls that have started another cycle.

Reb Dovid glad to hear that you made it through the day. Hatzlacha on today as well.

Reb Dovid,

stay strong. I find the serenity prayer to be very sobering.

G-d,

please grant me serenity to accept the things I cannot change.

Courage to change the things I can.

And wisdom to know the difference.

Thy will, not mine, be done.

I davened for you as I davened for myself.

Hey, **Reb Dovid!**

If the only way we get to 'meet' you around here is when you hit a rough spot in your journey,
what do you think we will be praying for.....?? :-\
