

I need help

Posted by gyegye2 - 09 May 2012 15:15

I follow the 90 day chart

when i had a fall... i felt like I am anyway "tume" for this day

and like I anyway dont change anything on my chart IF I FALL AGAIN THE SAME DAY.

so after a 8 day break i fell twice a day...

Does anyone understand me?

If youre at day 73, keep up whatever youre doin'if c"v there's a break in the action, you might wanna consider gettin' out of your comfort zone.

Meanwhile, KOT!

my tip is to follow the GYE handbook... they give you step by step instructions, up to the extreme of taking medication, at some point before or after it must work

another interesting thing I saw by myself is that most of the time I was tempted towards the end of my work day when I was burned out and was looking for some excitement. so now I listen to some music or go on the following page www.aish.com/j/j/a/ for a joke or 2.

and this is a good alternative for me.
