Bh today was my 95th day!!!

Its a little strange, its being so easy lately....By the days without triggers, its really easy to stay clean,

it looks like the fantasies are going away!!

And Dov, before you complain (and I know you want to), don't forget that anyone that teaches you something is a Rebbe.

And if you aren't here to teach, who is?

This is not teaching - it is donating blood.

The days He has given me so far are....only one: **today**. And He has given it to me 5667 times. And the only day I ask him for right now is the rest of this one.

Used a calculator just now, for I have never counted the days up ever before (to my recollection). Those who make a big deal about big numbers just don't get it yet. And i certainly do not **really** get 'it' yet, either. Hashem is not nearly through with me and Tatteh tatzileinu mishgiyos!

Nebulamud!! Wow!! You are back!

I missed *you*, I missed your bizarre and cute *username*...and I just missed the point of your post. Oh, you feel exhausted after falling. Right...so:

Please tell me -

Is the exhaustion you refer to from your fall, or is the exhaustion from those 80 days of relentless fighting against your obsession/habit?

And I am back *again* dov! I was referring above to being exhausted over both struggling for 80 days AND falling over by OBSESSION/ADDICTION(and habit by extension)

Nu, to me it makes little difference (really no practical difference at all) if someone is struggling and 'holding his breath' - or masturbating his brains out to schmutz. Either way, we get covered with mud, as tzaddikim have said (regarding *normal* people, and not even addicts) - and it is a death knell to sobriety and the Good Life.

Exhaustion is yucky, may Hashem spare me from it today and help me just surrender the lust I have and give it all up for today, no strings attached, trust Him and get on with real living, Amen! I need my energy for real living, not for silly battles. I can't afford to be battleworn.

You *are* working some kind of program or *something* besides just making calls to *feel* better, though, right? I feel sorry for sober sitting ducks...
