This Means dont just sit there GO OUT AND DO SOMTHING ABOUT IT.....

1)First you could start the Basic...do Rabi Nachamans style in other words dance, sing, smile, simply for being a YID. even if your alone Hashem is there with you.

2)Now go, if your hungry (for food) make the Brocha and go ahead enjoy.....

3)You still have time....Your still not ready to learn.....maybe you go take a nap.....

4)...Call a friend or a fellow Jew to help him out in anything or even just to listen to his problems

5)Encourage maybe even another Jew to put on Tefilin.

6)You still have time.....and you cant sit and learn some Tora, call some hotline or shiur or jewish or chasdic story.
