

Phone meetings VS live groups

Dear Friends,

I am a member of the GYE forum in Hebrew, and as you may know, until recently there was almost no activity of the GYE in Hebrew. Now, the forum has grown and opened telephone groups of 12 steps which involve many members seeking recovery.

One question raised now is the possibility to recover through participation in phone meetings. Because in English there are groups for a long time, I would like to hear your opinions about it.

Are there friends participants on the phone meeting and remained clean for periods of two years or more? Or do they all agree that real live meetings are must for long last recovery?

Same question a little differently. Are there friends on GYE only that received steady recovery, or that anyone who seriously wanted recovery was then also become a member of SA?

Thank you for your answers (if you can find detailed answers).
