Whatever you're going through, many others have not only experienced the same but got out of it just fine.

Do not pray for easy lives, pray to be stronger men.

It is not enough to take steps which may some day lead to a goal; each step must be itself a goal and a step likewise

Success is sweet: the sweeter if long delayed and attained through manifold struggles and defeats.

That is way to much in my opinion. One or two of those quotes is enough for a day unless you are looking for nice meaningful quotes but are not too interested in thinking them through deeply and thoroughly.

sorry for being a bit aggressive in my response Yitzchok

This just moved me to tears...

So live your life that the fear of death can never enter your heart...

Love your life, perfect your life, beautify all things in your life.

When it comes your time to die, be not like those whose hearts are filled with the fear of death, so that when their time comes they weep

and pray for a little more time to live their lives over again in a different way. Sing your death song and die like a hero going home.
