this chat, with one of my old online acquaintances, occurred just a few minutes ago. I believe that HASHEM sent down the yetzer to make me prove to myself that i am, indeed, able to beat it. read. just read.

3:37 PM me: hola

tmh82180: hey

3:38 PM me: sup?

tmh82180: nm horny as hell heretoday

3:39 PM me: cant help you there

tmh82180: why not...lol

me: distance is one thing

the other thing is im not gay anymore

or in the process thereof

3:40 PM tmh82180: reparitive therapy doesnt work so keep convincing yourself

me: im not in reparitive therapy

tmh82180: so then what

3:41 PM me: im on my own initiative

tmh82180: u jsut decided yoru not gay anymore

me: i always had trouble accepting it

and i found a way out

tmh82180: how?

3:42 PM me: i found a group of supporters

tmh82180: who jonah?

me: who have different but similar issues

no

not jonah

tmh82180: what do u mean different but similar issues

3:43 PM me: they're addicted to porn and stuff

tmh82180: sexaholics anonymous?

me: I'm recovering from a different kind of addiction

no

tmh82180: what's your addiction?

me: a Jewish religious group

gay porn

tmh82180: maybe I can join

me: I figure

3:44 PM tmh82180: u think u became gay from watching gay porn?

me: I already let go of the desire for a relationship

tmh82180: why?

me: I just need to get rid of the desire to watch

I don't believe I ever was

3:45 PM there were extenuating circumstances surrounding it

and I got caught up in a big mess

tmh82180: what mess?

3:46 PM me: it started cause I was curious when I was younger

but everybody is

then

a number of occurrences happened that led to me being molested and raped by my then-best friend

3:47 PM i physically enjoyed

and saw him several more times for sexual activity

but i never really found it fun after that

tmh82180: so youre saying that if i was at your place right now you wouldnt want to fool around?

me: not at all

3:48 PM tmh82180: so how about i come over later, then u can help me out

me: i would probably want to on some level

but i would try to keep it in check

i dont think so

tmh82180: why not?

well both enjoy

3:49 PM me: i dont think so

3:50 PM i would feel bad afterwards

tmh82180: i think if you would do it in a mutual loving relationship you wouldnt feel bad

3:51 PM me: i dont think i could have a same sex relationship without feeling bad

tmh82180: why?

3:52 PM me: i'm trying to fix a lot of the mess i've gotten myself into over the years

and this is a big part of it

tmh82180: ok then i wish you lots of luck

3:53 PM perhaps we can meet and be friends and you can talk to me anytime

me: maybe

3:54 PM tmh82180: i wouldl liek to hear all your stories and hw your life unfolded its very interetsing

yeah, well, for years i ran away from my problems. and then something hit me in the face. there was this girl i knew and we had a short relationship. it didnt work because i thought i was homosexual at the time. when i decided to try and get out of it, i started flirting with her, but still was not entirely comfortable. we're being set up on shidduch dates, and i know im not anywhere near ready for that commitment and i dont think she really is either. anyway, she told me she was leaving for the summer and that i was to meet her at a trendy cafe at 8 that night. then she dropped the big one, the thing that made everything become clear. "man up." i got it and i met her and that was that. we're going out pretty regularly for some months now. but "man up." it meant that i was supposed to stard challenging my issues instead of forever trying to run away. and i think that is sometimes true for everyone here. so.....MAN UP!

oh and, btw, we were always on a strictly friendly relationship. just the gay commonality. this is the first time he tried to start something, so thats why i had no problem talking to him in the first place. we hadnt talked in a while and i wanted to break the news when i had the opportunity anyway.
