ClearEyes.

Its great to know that you know how to do it.

Now would you please tell us how?!

It would be helpful for me as well.

Reb B. got himself & his Wife new Toy yesterday "**A Brand New Black Berry**"

So if he seems extra excited its because of the BB.

And if he sounds a bit irritated, that too would be because of the new BB.

Whoa, whoa, how do you know all this -- you live in bardichev's house?
