

Tryin'

Posted by cordnoy - 23 Jun 2013 09:41

Shalom

I am in my 40s married with children

Recently, I decided to get help on a serious level with my addiction .

My mind wanders and the tayva builds.

It would be easy to blame this on the lack of excitement in marriage intimacy, but I had done this at times before marriage, and at times, when marriage bedroom was good, I'd still fall. Perhaps it still is the reason, but marriage stuff is probably not gettin' better anytime soon.

I have more to write, but as this is my first post, id like to hear some suggestions first please.

Thank you so much

C

allergic to romania?

cooked or raw?

mmm....to answer that question, I'd have to give in to my lust behavior.

I will need to leave it hangin' in the meantime.

you can always read this thread or my others to catch up on what you missed.

I will conclude by sayin' that I wish I was allergic to Romania or better said, Romanian women, but I am not a big fan of wishin'.

thanks

Dude I don't see how all this Romanian talk can possibly be beneficial to you. You don't hear me talking about Chicago girls all day just because I once had a Chicago GF... Why obsess over Romania. It's ridiculous.

Wife doesn't know...can't really talk to her about it.

nu nu...don't think so much

two years ago, was it any better?

livin' the other life

I don't know

don't really remember my feelin's then; perhaps there weren't any, I was so preoccupied.

Thanks for listenin'

dearest cordony

i have exactly this dellema with myself

is it good or important to tell my wife, now after 2 years of being o.k.

on one side she might say:

now i know that all that we suffered with... was all because of you

you are disgusting

i knew that i shouldn't of married you, i always felt something is wrong

i (she) am a failure, by not giving you enough satisfaction

or on the other hand she might say:

really? how did you stop? you are a real tzaddik(not real though)

you decided to only love me, wow, now i really love you

now that you came over that, you are really strong (lets hope)

so ?? ??? ????? ????? is always a winner

thanks so much to all of you.

the dilemma of tellin' wife is a back n' forth one.

this time it came about in a different manner than usual.

it wasn't as a marriage bond thing, but just for my sake; for my loneliness. Dov has said several times that many things we lust addicts do are really for ourselves. We would tell our wives, for they are the safest, for they won't disclose to others.

oh well

think about all the good stuff

and there is plenty...even without too much thinkin'

ill conclude with this:

I hardly ever say good shabbos on this site (check it out; you probably won't find too many); you know why? cuz it's like sayin' i'm done with you fellows for the day, and you know something....I'm not!

Thank you cordnoy for sharing!

I have the feeling of not being able to share my feelings with anyone quite oft. The truth is, by me (and I don't mean anything here, just purely to share), that I could probably tell someone like my wife or some family member, it's just below my dignity to do so, they might look at me a little funny, not with the complete tolerance and acceptance of my GYE friends.

There I go again, ME.....
