

Moshiach Needs Us!

Posted by jerusalemsexaddict - 30 Sep 2009 20:50

Ok so there is a thread somewhere about GYE and Moshiach but i couldnt find it so im just startig a new one.

Reb Tzadok was known to say:

"It is not the Gedolim who will bring Moshiach.It is those who struggle with the most intense yezter haras of all types who will bring him."

Wo!

That's us!

But we know this already,don't we?

We are the most elite unit.

We are given whatever ammunition we got and thrown into the most intense fire zones.

And we are holding the fort down.

Our nation's victory depends on us!!

"Those who struggle with the most intense battles".

We just got to keep fighting.

The fact alone that we are holding the fort is repelling the enemy.

If he doesn't win,he loses.

And he will not win.

We will win.

Because we have the strongest fort possible.

Ahavas Chinam.

And the enemy cannot break that.

So we will win.

And Moshiach will come.

Before we know it.
