

Time to Rebound

Posted by cordnoy - 10 Oct 2013 20:17

115 days clean

im sure that will come; although the smart people have already told me that i shouldn't let it
last 2 weeks sliding (but not struggling with it....sadly)
occupy my mind

we shall see

fell
need actions...positive ones obviously to ensure that this doesn't happen again

you will ask me: what are you going to do different now to avoid this from happening again?

still not feeling guilt
Good question

thanks

have some thoughts about intimacy with wife (or lack thereof) and how this connects; will write

will also try to keep that part in this section and not the b"b...depending on where the thread goes.

Thank you all

What does "fell" mean?

Regarding not feeling guilty, I think we've trained ourselves to turn off our guilt about this. If I act out I may feel empty, duped, immature, stupid, perverted, disconnected, unhappy, unfulfilled, lonely. But not guilty.

I may feel guilty about the lie that I'm living.

I may feel like I'm a phony, that I don't deserve to be counted as part of a frum community. So many things. But not guilt.

Congratulations on your spectacular start here.

Yasher koach for stepping up and admitting whatever it is that you've done.

Fresh start

i do think i have to spell out what "fell" means, but I'm not sure that here is the proper forum.

According to 90 days rules, I fell many times in the last two weeks.

Spelling out what "fell" means takes it out of hiding and makes it real.

If you're not comfortable spelling it out here, at least confide in someone you are comfortable with.

Yeah, I would love to hear! Did it involve chasing a purple haired bear through the alleyways of meah shearim?
