

Back on the Site

Posted by strugglingguy - 28 Jan 2014 04:08

This is my first time back on the site in a couple years. I have been busy... I have had good stretches and bad stretches. Currently, I have been struggling. Today (after a couple classes) I felt I needed some "relief" so I looked at some P. I told myself I needed it and there was no stopping myself on the comp. (I get ar.d. the filter w a proxy). So, that is that...

I'm going to go now - continue with this later...

[quote="Dov" post=227169]You didn't ask, but...

It sounds to me that you simply have not suffered enough pain from your lack of self-control. I wish you no pain c"v, but it seems to me that whatever pain you have had is just not enough to help you take this seriously - perhaps it has only been *private* and *theoretical* pain. *Philosophic* pain. Like the horrible guilt and the idea of gehinom, etc.

But if you get caught, get fired, or defamed publicly for doing the stuff you do in private, and the whole naked truth comes out to people who know you and love you - the realness will be there. The search for the most respectable, comfortable and convenient way out of this habit will suddenly end. Real measures will be taken.

Real powerful stuff!! we must not minimize...

me2 back aka yedidya have been in live 12 step mtngs...doing a little better

Getting caught and the whole naked truth coming out to people who knew me and loved me did not cause any real change in me.
