

My issue with God

Posted by Atzmosyosef - 26 Jun 2014 18:11

Hi all.

Im not looking for answers.

I just want to post some feelings here, because these are really bugging me and I feel comfortable telling the guys here.

I feel ungrateful. Its because im truly angry at Hashem. I really feel like he's this sort of cruel scientist who put us here to struggle. And hes so distant from me that Ive tried so long, and so hard to give so much to him, yet I feel so let down. I feel like at this point in my life, I NEED HIM yet i dont WANT HIM. I know theres so other belief or religion that will top Judaism. And i dont want to become an agnostic or atheist. But im tired of putting in so much effort to try connect to him, yet I feel im getting nothing back from him. And yes there is a voice in my head that tells me look at my family, friends, financially stable, good environment. But still I feel ignored, and I feel like hes made my life too difficult.

And its about time I deal with these feelings.

Thanks
