Do you find displaying helping you stay sober?

Helps me! I can see it really helps you.

Wow, 380 days had past and your still clean.

bli ein hara, ben porat josef.

Thanks for your advice

I had fallen twice after reaching 90, so this round I'm doing it privet.

I felt to good when my strike was visible, which lead to trust myself to much.

when I trust myself, I usually fall,

I work for recovery, and trust only in god.

I had both problems, and chose today to pick up no triggers.
