sup.

I've been clean thank God for 2.5 weeks. Things are going really well. ;D ;D ;D

Would this be a bad time to start dating (to get married)?

I'm 22, so there's no major rush. But I think I might be ready for it.

I think the growth of this forum means we need an faq sticky on top w/ links to threads dealing w/ common questions...

Somethings gotta be done about these pointless NEW threads. They take up valuable space of old threads that could be on page 1. And i dont mean to say that this is a pointless topic. Just continue this discussion from the thread it was originally on.

ATTENTION NOOBS: THERE IS A SEARCH FUNCTION.

PLEASE USE IT.

"Newbie", but with the specific connotation that they refuse to do the work and expect others to

do it for them. May also refer to someone who's not so green but still a total slacker. Whereas "newb" is a newbie who is inexperienced and is trying to improve.

The point is don't be a lazy moron and use the search function, as you implied in your post that I quoted. I'm just fleshing it out for the NOOBS.

tried search aand didn't get me the thread I started on the topic.

Sorry batty, he he he sorry.

How about making sub-threads outting the main one in "Dating" and all the individual threads in that topic. Since if you abridge them. it doesn't flow well, it totaly wrecks the shakla vetarya. side.

Anyone have any funny dating stories? I love hearing those, granted they are true...

Mine are too good to post on here - meaning, WAY too many people have heard 'em...PM me, and I'll tell you a few classics...

Just for a classic...while asking directions to a hotel on a first date, the person told us, "it's a really nice hotel, are you sleeping there tonight?"

Another time, I went to get drinks while the girl went to the bathroom, the waitress winked at me and said, "good luck!"
