

G's

Posted by cordnoy - 28 Jan 2016 13:13

This tool for recovery has many different names, but i kinda figured that since i have dissed the letter "G" for so long now, it is fittin' that I devote an entire thread to it, so here goes:

Some call it "Veggies," other call it "the four G's," and I will let you search feter G.... to see more about it.

The theory behind it is a simple one. It creates connection to God. It lifts your spirits and keeps you focused.

So, without further ado:

Gratitude:

1. for almost a year of sobriety
2. for my third daughter's success
3. for the progress on my primary project
4. for the completion of our 3rd cycle on the phone
5. for the health progress in the family

Good stuff (victories) (this should be overcomin' specific challenges):

1. wakin' on time for the early shiur
2. helpin' wife with the early mornin' dressin' (w/o her even askin')
3. supported wife with her work challenges in a pleasant manner
4. looked out for another family even though it meant showin' up late for an appointment
5. skipped over a 20 second part of a clip, knowin' that it was extremely triggerin' to me

Glitch

Watched several episodes too many last night

Goals (usually specific tasks; items that we can look back on and see that we've actually made progress; something actionable):

1. Avoid distractions and be productive at work (until 10:30) (avoid lofty unreachable goals)
2. Have kavanah by first and last brachah in S"E
3. Exercise

[I thank all those who contributed to this idea and thread; tis one worth emulatin']

G's

Posted by markz - 13 Apr 2016 23:53

hey mr newoldnewoldnewme

You know why your reply title is Re:.....

missing "G"?

I found out the hard way that any title that has " (double quotes), when you reply to it, it deletes anything past the "

So do the great thing and delete the " (double quotes)

Simply change your 1st and last post Title to G's

You're the man (old young, whateva)!!

There is a group I know (of about five) who post a new "G" list every day, or every other day. They claim that it works for them.

And here is another....lookin' back at the day behind us....

Gratitudes: - had a good day at work today - good speaker on DC's call - watched a video for college and it was not triggering! - uh oh... getting desperate... I had a really good piece of salmon for lunch - had a few nice, healthy conversations with friends
Victories: - I used the "I'm not being with you today" trick - and it worked! - I went through 1/4 of my huge stack of papers - I took the time to send a "nachas" email to a couple of parents - I didn't respond with annoyance to my mom - I'm taking the time to do

this now Glitch: broke my diet...makes
me feel out of control Goal: Finish my
stack of papers before work
tomorrow... fat chance though...

And I never asked for that box.

Why can't we simply copy and paste any more?
