

G's

Posted by cordnoy - 28 Jan 2016 13:13

This tool for recovery has many different names, but i kinda figured that since i have dissed the letter "G" for so long now, it is fittin' that I devote an entire thread to it, so here goes:

Some call it "Veggies," other call it "the four G's," and I will let you search feter G.... to see more about it.

The theory behind it is a simple one. It creates connection to God. It lifts your spirits and keeps you focused.

So, without further ado:

Gratitude:

1. for almost a year of sobriety
2. for my third daughter's success
3. for the progress on my primary project
4. for the completion of our 3rd cycle on the phone
5. for the health progress in the family

Good stuff (victories) (this should be overcomin' specific challenges):

1. wakin' on time for the early shiur
2. helpin' wife with the early mornin' dressin' (w/o her even askin')
3. supported wife with her work challenges in a pleasant manner
4. looked out for another family even though it meant showin' up late for an appointment
5. skipped over a 20 second part of a clip, knowin' that it was extremely triggerin' to me

Glitch

Watched several episodes too many last night

Goals (usually specific tasks; items that we can look back on and see that we've actually made progress; something actionable):

1. Avoid distractions and be productive at work (until 10:30) (avoid lofty unreachable goals)
2. Have kavanah by first and last brachah in S"E
3. Exercise

hatzlachah to all

[I thank all those who contributed to this idea and thread; tis one worth emulatin']

Glitches:

A friend reached out with some bad news, didn't have any eitza for him.

A good friend that can hear him out is what he wanted - why is that a glitch?

Are you Gd that has all solutions?

Pls would add it to your G's

And here is another....lookin' back at the day behind us....

Gratitudes: - had a good day at work today - good speaker on DC's call - watched a video for college and it was not triggering! - uh oh... getting desperate... I had a really good piece of salmon for lunch - had a few nice, healthy conversations with friends
Victories: - I used the "I'm not being with you today" trick - and it worked! - I went through 1/4 of my huge stack of papers - I took the time to send a "nachas" email to a couple of parents - I didn't respond with annoyance to my mom - I'm taking the time to do this now
Glitch: broke my diet...makes me feel out of control
Goal: Finish my stack of papers before work tomorrow... fat chance though...

Btw, this wasn't mine; t'was an example.

Yeah, I don't remember hearing that you were on a diet....
