Filter problems
Posted by xyxorwa - 25 Apr 2016 20:58

_____

Lately, I've been having problems with my filter. I'm afraid to write in detail about this, but I think this is a pretty well-known hole in the filters. I just want that loophole closed!! (If this is too vague, and the general feeling is that I can be more specific, I'll explain.)

_____

It was said already before not to publicize loop holes on filters.

If you need help try venishmartem.com

or TAG tag[/b]helpline.org/] Tag.org

_____

I have found a partial solution. For whatever reason, the problem seems to happen only with browser X. I found a new browser and I think that it's more solid. (I haven't removed browser X yet-- that would be the smartest thing to do...)
