

Pidaini & Mr Emunah's P & M Mincha Group

Posted by cordnoy - 26 Mar 2017 03:28

Inspired by two of yesteryear's greats, I'd like to initiate a new nonexclusive group.

First, some background:

Pidaini initiated a KRIS"H group for shema al haMitah.

Mr. Emunah was a countin' to the P and the M (he is in the thousands now B"H).

On Friday, there was an in-depth conversation on the Phone from fellows on both sides of the Pond regardin' connections to God, and it spilled out that some (includin' I) are not the best Minchah go'ers, to say the least. Therefore, i figured that what better way is there than to start a Mini group to the P and to the M for all those who wish to be Mechazek in Minchah services. Perhaps we/I can build a connection in this way; and if not, it Probably can't hurt.

The rules for this group are:

There ain't no rules!

Suggestions:

1. Any word beginnin' with a P or an M should be capitalized.
2. If you Post on this thread, you should end it by indicatin' your streak to the P(rivate Minchah) and to the M(inyan Minchah).

2 to the P and 2 to the M!

22 to the P 20 to the M.

I know there are no rules here, but according to the non-rules, if ones Misses a P he restarts the P count, but if one Misses an M, does he just lose one point, or does he (Me) need to restart the whole M count from zero?

I have caught sporadically maybe 3 or 4 Minyanim in these three weeks.

I am grabbing on to the opportunity for the Private Mincha especially on days like today where I have been home bound looking after the crew.

Grabbing hold of mitzvot before they slip past us is probably the only type of grabbing I can condone.
