

Pidaini & Mr Emunah's P & M Mincha Group

Posted by cordnoy - 26 Mar 2017 03:28

Inspired by two of yesteryear's greats, I'd like to initiate a new nonexclusive group.

First, some background:

Pidaini initiated a KRIS"H group for shema al haMitah.

Mr. Emunah was a countin' to the P and the M (he is in the thousands now B"H).

On Friday, there was an in-depth conversation on the Phone from fellows on both sides of the Pond regardin' connections to God, and it spilled out that some (includin' I) are not the best Minchah go'ers, to say the least. Therefore, i figured that what better way is there than to start a Mini group to the P and to the M for all those who wish to be Mechazek in Minchah services. Perhaps we/I can build a connection in this way; and if not, it Probably can't hurt.

The rules for this group are:

There ain't no rules!

Suggestions:

1. Any word beginnin' with a P or an M should be capitalized.
2. If you Post on this thread, you should end it by indicatin' your streak to the P(rivate Minchah) and to the M(inyan Minchah).

2 to the P and 2 to the M!

Just stuMbled into twilight zone thread. I'll be leaving now, Peace out.

I'd write my P&M numbers, but can't figure out the cheshbon.

If you davened Mincha today with a Minyan, it's 1 to the P and 1 to the M; if you davened Privately, it's 1 to the P and 0 to the M. Need I say More? And it's "stumbled."

That's nice, but Many of us have noticed that P and M is still a Problem.

Did a personal mincha. So doesn't P carry on and M reset?

- a) there are no rules
- b) it didnt in your count (fall) update this morning.
- c) the rules are, there are no rules.

I think he Meant that the "fall" happened a few days ago. Am I singin' on key?

Can I join the Party too? 6P3M (I think).

11 to the M and 11 to the P!

11 are the Members of this group, includin' the anonymous Posters (oops, we are all anonymous).

10 are the Peeps it takes to Make this Minyan.

9 are the Months of Pregnancy, forl those women that actually Partake in MikvahI ceremonies (or to those who don't as well).

8 are the days of the week in the Etruscan's Calendar.

7 are the Poles of the Menorah in the Mishkan.

6 is somethin' that us addicts either abstain from, or indulge in, or a combination of the two.

5 are the books in the Potter series, usin' Singularity's logic.

4 is the sound uttered by Pidaini in Piccadilly, as his golf ball went slicin' Past Penelope's Purple and Mango hair.

3 People Make a Mezuman, somethin' that will never happen around now, for there is no food to find.

2 is the Most days in a row I davened Maariv in the Past 11 days.

1 is Hashem

1 is Hashem

1 is Hashem

0 is the amount of times I didn't take a longer look when I should not have, goin' back quite some time.

Yes. one to start a series, and book number 5 cannot even be considered reading material.

Maybe, Perhaps, Most Perceived Misunderstandings Might Mist up our Posts.

The Phrase "I fell" Mostly Means a Missed Mincha. Not only Missed Minyon, but Missed altogether, which would Mandate a Major reset on the count. (To do a Partial reset, May Mock Mister Meter, and Phony Political Party People should Please Make Parting a Priority)

So, I think that Reb Cords was confused how you had that count after you said that you fell. My Prophetic Ping Pong Pole thinks that your term "I fell" actually Meant Missed Minyon as opposed to Missed Mincha.

May Meaning of March Madness Part Mysterious Moments from Physiologicly Marking your Mind Making Purpose and Putin Phase away until Presedents and Managers Maintain Maintenance on our wonderful site.

Check my thread for other creative uses of the cookie-cutter "fall" definition.
