

Google Voice Number

Posted by ThereIsHope - 24 Jul 2017 20:54

I want to be in the phone community without giving out my cell phone number. I tried to set up a Google Voice number. Maybe it worked temporarily. Now I get error messages when I try to change the Google Voice Number. If there is a working number, I don't know what it is, and I don't know how to find out what it is. My email is endingevil@gmail.com. Thanks!
