

South Africans - there is hope

Posted by Atzmosyosef - 11 Jan 2018 18:55

---

Hi everyone.

My GYE name is atzmosyosef.

Just to let everyone in South Africa know that youre not alone, and there are face-to-face meetings that you can attend and meet other people who have suffered the way you have and have found freedom through the program of recovery.

Send me a message to my gye account, and I can help direct you to a relevant meeting.

There is always hope!
