And how was life before the Corona age?

You weren't crazy already??

The question is will you learn the lesson humanity keeps missing, and one of them is - Stop living alone. Stop living in Self-Quarantine.

Remove the mask. Start connecting with your brothers here!

And you can do that today. Ok?

You have to share with at least one other guy!

How to do the cheers thing 6' away is a question for the LOR
