[Here's a 4 minute MP3 clip](#) from a talk that Rabbi Twerski gave just two days ago. The clip I cut out here is the part that is the most relevant to us. It fits in PERFECTLY with today's Chizuk e-mail #659 - "The GYE Lighthouse (Part 2)" which discusses how we are losing our BEST & BRIGHTEST to this addiction. He also ties it in with Chanukah, so make sure to listen to this 4

The rest of the shiur is about *Tikkun Hamidos*, which is the underlying Yesod of the 12-Steps. To hear the entire shiur, download it [here](#) (it's only 14.30 minutes).

If I hadn't personally experienced what he's discribing, I would definitely think he's exaggerating.
