

Challenge Accepted!!!

Posted by Grant400 - 02 May 2021 01:43

All right! Let's get straight to it.

R' Eliezer, better known as "Lou" and I, both fell off really long streaks of a few months, and needed some help getting back up. So I suggested a 90 day challenge, with the loser having to give \$150 to a tzedaka of his choice (preferably GYE obvs...).

There seems to have been an interest among many more users here, so let us welcome all of you to the party!

Whoever would like to join please respond on this topic. Welcome.

Here are the rules:

Starting from when you accept the challenge, for the next 90 days everyone who joins accepts upon themselves BL"N to post if they fall, and must give \$150 to tzedaka. Even if someone falls that does not absolve the other participants of their kabbalah.

If someone acts out, it adds \$2 onto everyone's kabbalah. Meaning if one person fails, he must give \$150, but the next must give \$152. This is in order to place a certain level of responsibility upon us not to misbehave, because it will cause others to lose additional money. One clause, there is a ceiling, it can never go over \$200.

Anyone can join. Regardless of where their count is holding, it is 90 days from when they accept the challenge.

After accepting, you will be held accountable.

(R' Lou, please let me know if you would like to join according to theses new rules, if not we can keep the old version for you.)

To all those who are struggling to keep clean, here is an added incentive.

I don't know if this makes the news in the US, but the security situation here in Israel is very bad. There have been over 200 rockets and missiles fired from Gaza, since MOnDay morning. Damage and injuries have been reported in Ashkelon and Ashdod, and on some of the smaller settlements near Gaza. Air raid sirens went off in Bet Shemesh and in Jerusalem as well. Additionally, Arabs have been rioting all over the country. The worst riots were in the Old City of Yerushalayim, with dozens of police injured. Arabs were also rioting in Haifa, all over the Galil, and all over the Bedoin towns in the south. A shul in Lod was heavily damaged, and its sifray Torah vandalized! Schools within 40 km of Gaza, including in Ashdod, Ashkelon, Sderot, Be'er Sheva, Yavnah, were ordered closed out of fears of missile fire. The situation here is very precarious!

We know that all Jews are connected! The actions of a Jew anywhere he finds himself in, have repercussions for the rest of us, even though thousands of miles may separate us! If anyone is thinking of giving in, as a zechus for us here in the Holy Land to keep us all safe, please do not! We desperately need every merit that we can get. Help us and stay clean!!!

Also, please have us in mind in your tefilos!

Hi Grant,

I have not been here for a while,

But these days I am having too much lust and the whole day I am fighting against myself not to think about things and not to google things. BH I am able to control myself, but I would like to join this if I can.

Thanks

Eyes

I live in Brazil and due to the exchange rate here, 150 usd amounts to almost 800 BRL (Brazilian Real). Due to our currency being extremely devalued, to us, 150 usd feels like 800 usd lol. Should be just the right incentive for me.

Yasher Koach for the amazing initiative.

Leilui nishmas the souls from Meron and may the zechus harabbim protect our eretz hakodeish.

Is there still a slot open? I'm back in the game

Send me a PM or post here to join email chain for this group. Sorry to hear the Iron Dome failed on the Lust Missile headed to your cave. I hope the defenses are upgraded.

I'm not signing up to the dollar / shekel / brazilian cash rewards at this time - although my sex drive is quite well and kicking.

Just thought to ask; I see the 1st post on this thread. But what's all the other numbers here such as 5/11? Maybe simplify what it means and put it in the 1st post so others can understand and join 2
