I MUST RESIST

Today my progress is 24 hours I want P&M, it's a strong drive. my age is 19 my hormones are strong my body seems to need it How much more will I resist?

hi!

I've been seeing some of your posts recently.

i really don't know what to say. it is very tempting, and the urges get very strong.

it takes a lot to come here and post while you're experiencing strong temptations.

stick around, connect to the chevra, learn from the resources, daven for help, and stay strong.

hatzlacha!
