

Grant's Rants

Seem to be out of the woods now.

On the way back in.

How long will it take to get there?

That's 100% up to me.

In the heat of the moment, when we are just so overcome and can't seem to make any sane decisions that might deprive us of the pleasure and release we crave so fantastically - we may still have enough left in our tank to reach out to that person who truly cares.

I've done it, it works wonders.

I don't know if that person is on this site, and figured out my identity, but if yes, thank you!

There's a tremendous difference between an excuse and an explanation:

Both can be utilizing the same words - though one attempts to absolve guilt, while one can help prevent a reoccurrence in the future.

Don't worship a streak for its number of days, worship it for the growth behind it.

The growth behind the streak is genuine worship.

The enlisted men stand around, shuffling, on the battlefield, baking in the brutal summer sun.

They keep looking up, hopefully, to the command post on the rise. Waiting.

Waiting for the General....

We need you, friend. Insightful and logical. Clarity, wry humor, sometimes a bit pointed and acerbic, and always caring and real.

It ain't the same without you and that's the plain truth.

To think it's been 6 weeks since you last ranted .

The journey of 1000 rants begins with a single post

Year 1: I have this struggle because of A, B, C, D.

Year 2: (A goes away) I have this struggle because of B, C, D, E.

Year 3: (B goes away) I have this struggle because of C, D, E, F.

Those triggers/problems may be legitimate, yet at the core there will always be the issue itself.

That's what I need to focus on.

So true. That's a major accomplishment itself to realize this. But what comes next? How do we unlock and work on the core issue itself?
