Hi Chevra!

The Admin moved my thread to the BB forum,

but I haven't forgotten you, and want to keep you in the loop too.

I will bl'n post appropriate posts here too!

It's gr8 to be back in zeman, I am forcing myself to daven like a mentch as I know that that is a big catalyst for me to stay spiritual connected and fit.

Have started on step 4 but my sponsor lost sobriety so will see what my new one says.

I am meant to be an ?? at a ???? tomorrow, but are unsure of the halachic fitness of my situation.

Its a little sticky and hope I will get direction in time

E-L-U-L!!!

(Though coming from a different place) I know the feeling

Sometimes the fact that you (me, all of us) are stronger than you think is unavoidable

While that seems to be an available road to go down, avoiding giving yourself credit:

- a. Isn't beneficial in the short or long run, and
- b. robs you of your sense of accomplishment and strength, so
- c. is therefore ??? ????? (he has great ??? ??????)
