

Help me please brother!

Posted by wannachange - 28 Mar 2025 03:05

Hi all! Feeling down now....I was up for a long time going strong...fell recently again and again....help me please! Could use some chizuk. SSA fantasies drive me nuts, I dont even have a smartphone or an unfiltered computer but still manage to fall....ugh feeling horrible now. Sorry not sure where the right place to start posting is but I guess here is a good place to start. Married with kids BH. Succesful job, making money. Learning solid. I managed a very long streak for a while but now my mindset sort of shifted that whatever this is the way I am get over it. I want OUT and never to return to this nutty SSA craze. Help me please. Could use some chizuk. Going to start recounting, Tomorrow is a new day, Day 1 BeH!

Hey all.

Just an update on my stats. Been up and down a lot over the past couple of weeks. Probably has what to with the emotional roller coaster Ive been on with the miss....

Either way, I haven't been really clean the past month. Fell again yesterday. Not feeling inspired. But BeH hopefully will fall back into a clean routine. Ha. as if. I need a plan. When I originally signed onto GYE about a year ago, I got a few months straight clean, was beyond amazing BH. But then it got shorter and shorter....I guess the original hype wore off. Please help me brother!

Rolling down an endless tunnel,

banging into walls,

getting bruiseddd, battered.

Now I arise,

how long until when,

or maybe if?

I will fall back down?

Daddy Dear....

Dont let go of me.

Ever

Im feeling so alone

Going to try going back to posting here daily. Aiming for Day 3 BeH. Today is 1! Woohoo!
Lookin at the bright side, I have an oppurtunity now to fall and im not thinking in that direction!
LETS GO WE GOT THIS!!!!

(Have you considered reaching out to a mentor? Someone from GYE that their story resonated with you?)

BH finishing up day 3. Was an intense day emotionally at home but BeH will finish it up without fallin. As chancy says, even though I have an urge doesnt mean I have to follow through with it.

Thanks Proudyingerman for your response! I have reached out to others...but im sort of stuck in a catch 22....on the 1 hand im too scared to meet others in person...but on the other hand for me personally I feel that over the phone or messaging isnt enough of an emotional connection.....(in a healthy way obvs)....

Having said that it would be remiss for me not to mention HHM who has saved me multiple times and has been a shoulder to cry and laugh upon at times....

Any ideas welcome!

Did you try it, or do you just feel and think this way? Don't rely on your feelings too much, reach out, and let yourself feel free

Keep at it! You have what it takes. In the beginning it's about grinding your teeth and sinking your nails in the sand to stand your ground at all costs, eventually it will get easier if you continue.

Trust me, I've been there once or a million times.....
