

Looking for a solution

Posted by progressiveowl39 - 04 May 2025 17:33

---

Hi and it's nice to have a place for us all who are in the same struggle

does anyone know of a buddy system where someone can monitor and view all my text messages that would be such a strong safeguard for my particular situation

thank you and hatzlacha to everyone

I don't know whether the information on this webpage is safe and reliable but they seem to have a list of a few apps for this.
