

Torah Anytime Class about shmirat einayim
Posted by mountainclimb - 10 Jul 2025 06:22

Rabbi Wallerstein has a great TA class on Parshas Matos called (about shmiras einayim) "Watching What You See". Sorry I can't give a link to follow. If someone could it would be great. A warning though, it's not for people with religious pain, and can be triggering for them.
