

GYE CHAT

Posted by Lechayim - 12 Jan 2010 17:17

I am very much for a normal Chat section here . Would be the best thing for all of us at least for me! There was one here before but that had links to bad places. What we need here is an independent chat for the GUE group. Rabbinu Guard said for \$800.00 he can put one up. Is anyone willing to pay part of the expenses? I would give the first \$100.00 if we can put this together soon. Does anybody want to chip into the heilger Mitzvah. Everytime some one gets saved by chatting there you will have schar. C"mon lets see if we can do a nachas ruach for Hashem. Imagine all those who follow us later!!

Loynata,

I started this topic a little while back and you are right in the fact that we need funding for this project there were a few pledges. Here is the link to that thread:

Too much going on for me. I am going to assign someone else to moderate it. I am very sorry for letting you guys down who bravely signed up. I am trying to find someone else to run it.

PEOPEL IN THE HOUSE LISTEN UP!

Sorry again

I'm am far from a computer expert but b'h today has been a good day. I created a chat room site just for us GUE people.

way it works is very simple:

- 1) PM me for the URL
- 2) make up your own alias
- 3) password is guemember
- 4) Wolah! a GUE chat room exclusive!

Let me know if there is problems accessing the site because of filter (k9 etc).

pass the word along!

Jnet will not let me in there! Is that a room where you can see many other chats? That is the reason we need it here exclusively!

It's blocked because that site can host all sorts of chat rooms, many of which I'm sure are the kind that the good folks here are trying to stay away from...

What we really should do is use IRC and embed a java IRC client into the GYE site. I'm not an expert in this area, but maybe tomim knows more about it. Obviously the members who want to use chat would need to learn a little bit about IRC, but not that much.

We need here to be hosted by GUE and moniterd by Rabbinu. We used to have one set up here but it was removed for that reason that it went to other Chats as well!

I am sure you meant the best. I am not trying to knock out your idea. But when we go out of our boundaries anything can happen. If it gets boring we might jump into another chat c"v. Aren't we addicts???

since youve never been to the site you dont know. but you cant just JUMP chats. its not like a site of a whole bunch of chat rooms. your room is like a private website. you cant just jump when your bored there is no where to jump.

someone please prove me wrong.
