

Poll: Your Emotional Relationship

Posted by trying123 - 04 Mar 2010 23:28

If I believe and I'm truly sure that my next door neighbor exists, will my emotions towards him/her necessarily be positive?

I'd say mostly comforting/loving, with a little bit of mixed up thrown in for good measure. ;D

As far as your question - if i truly understand who my neighbor is, and she/he is really fantastic person, then yes - I will feel positive.
