Thank you Bardichev for starting this thread. It really hits home, and I know others too who have this challenge in the summer.

Thanks to you and Rabeinu Guard, my summer is way better than previous ones, although there is still Loads of work to do.

Momo, thanks for the inspiration in today's email. Its like dominoes, you toppled one and the effect rippled on....

Dear bardichev

Long time no speak, I hope all is well with you and that you make it through the summer. BH I have been well I have my struggles, but I have been clean all this time. I was just thinking that perhaps you should open a new section on the forum, maybe a new thread in the Beis where

On this forum we have a Litvishe Rebbe - R' Dov and a Chasidishe Rebbe - R' bardichev, if not for the anonimity we could submit a few photos to the What do you think ?
