you think so?

I think it's just a means of easily keeping in touch with gye chevra (at the bare minimum level).

It doesn't take much effort to say hi(unless you have to add an explanation for the puropose of this thread at the same time with each hi).

It helps make the forum a little warmer in an easy way.

but if hi is not enough

head down to bardys pub

for a megadose of woodfurdalahoney
