it's not hundred pages on everyone's computer, shteebs, some of these chaverim have their settings set [that's what settings are for] to a different amount of posts per page [which comes in handy in the case of this particular thread].

p.s. told someone that i'm going to do the arvit at the shteeble and he said, "oh, you're going to shteebs?" and i said "hey! how do YOU know shteebs?"

I was going to overload the servers by posting the lyrics to Matisyahu's "So Hi, So Lo" but I decided to be a good boy and get a well deserved black jelly bean, Hey STOP! It TICKLES. HEE HEE.
