a good gebentched zos chanuka and year to all denizens of the GYE ~~funny farm asylum~~ community, please remember to sign the guestbook and tip the doorman.

and next time you come please park your Zamboni's, scooters, tricycles, and broomsticks in the parking lot in back. we were expecting a delivery of much-awaited fish liquer and the driver, who was wearing a colorful bekishe, started gesticulating wildly with his zilbene shtecken about his spot being blocked and how the fish were jumping out the liquer because they smelled some 4loco...

zemer, i assume the exclusion of zamboni manuals on our bandwidth is to ensure this treasured art of zamboni-driving remains the mysterious and awe inspiring skill it is

i would love to tell you the true meaning behind that but i will need you to give the secret password and secret handshake and for you to tell me how many times it says the word "and" in the GYE Handbook..... ;D

I have a friend who wrote a long long sefer on every occurrence of the word 'ace' (aleph tof) in Rashi. Maybe he could help you?
