translate spudik quick before you get yelled at!!

yoish

oy vey

oh no!

here is the next best thing:

sputnik was the first spacecraft to reach Earth orbit (i think), launched by Russia in the 1950's

spudik's were worn in Poland/Russia in the 1750's, 1850's but were mostly gone by the 1950's

reb world, did you see Guard's avatar? he is a full-time spudik-wearer

for HS:

mensch tracht un Gott lacht (yid)

man plans and G-d laughs (eng)

to everyone else:

Hi!
