I don't need to tell you this but working on lowering your expectations about sex, sex, sex, is going to increase the amount of time you think about, sex, sex, sex. And that's not going to be very successful.

But if you work on increasing the amount of time you think about G-d, etc. You will have less time to think about sex and it will lower your expectations too.

I'm starting to feel like a bible thumping evangelical preacher.

Amen

Nice thought, Reb 'Me3'.....err, I meant "Pastor me3," sorry.

But seriously, lessening my expectations for sex and in sex, is not about sex, at all, really. It's about my greediness, my self-imposed misery, and my being sold an so much BS from the velt that tells me that sex will solve my pain and that I can't be perfectly happy unless I get it in just *such* a frequency and in exactly *such* a way, mood, etc.

Life is really, really good. And life, as I am learning along with many others, is not 'sexual'.

Though, I guess you are right, for it surely matters **[i]how** one goes about[/i] actually letting go of his expectations and focus on 'oso *inyan*'. Many here (and elsewhere) have advocated an attitude that sounds *exactly* like what you mean, I guess: "Focus on the shtus and evil of it until you convince yourself that it's not for you." Gevalt. That is needed, surely, at times. But there is so much living to do - our preoccupation with it needs to be substituted with something really good. Like real life. And if real life sucks, we need to find out about G-d, cuz if that's how we feel - we obviously are not with Him yet.

Even if Dov had a "slip" and posted the above, it was worth it for such pearls of wisdom!! ;D

There is no one on this forum, and I doubt there ever will be, someone who embodies the true spirit of the "Recovery+Being-a-Yid" like Rabbeinu Dov.

We miss/(missed?) him.

Cutting back on alcohol seems a bit drastic to me, what you can do is switch to scotch or bourbon, that way you can achieve the same affect without filling your bladder as much.

And a tribute to my old friend RATM.

(Somebody really PM'd you that I told you to shut up? Did they think you were going to get insulted?)

Rebel, rebel and yell

'Cause our people still dwell in hell

Locked in a cell

Yes, the structure's a cell

Mad is the story I tell

How long can we wait?

Come on, seein' what's at stake

Action for reaction

If your mind's in a somewhat complacent state

Get a check up

This is a stick up

Our freedom or your life

Lord, I wish I could be peaceful

But there can be no sequel

Now freedom must be fundamental

In Johannesburg or South Central

On the mic, 'cause someone should tell 'em

To kick in the township rebellion

Yeah, what about that, sucker?

Yeah, so you thought you could get with the hardlines

That fill your mind

Thoughts, battles fought

And lessons taught

Yes I'll display the fitness

And flip like a gymnast

Raise my fist and resist

Asleep, though we stand in the midst

Of a war

Gotta get mine

Gotta get more

Keepin' the mic warm against the norm

'Cause what does it offer me?

I think often it's nothin' but a coffin

Gotta get wreck

Till our necks never swing on a rope

From here to the cape of no hope

Now freedom must be fundamental

In Johannesburg or South Central

On the mic, 'cause someone should tell 'em

To kick in the township rebellion

Why stand on a silent platform?

Fight the war, fuck the norm

Why stand on a silent platform?

Fight the war, fuck the norm

Why stand on a silent platform?

Fight the war, fuck the norm

Why stand on a silent platform?

Fight the war, fuck the norm

Why stand on a silent platform?

Fight the war, fuck the norm

Why stand on a silent platform?

Fight the war, fuck the norm

Why stand on a silent platform?

Fight the war, fuck the norm

Why stand on a silent platform?

Fight the war, fuck the norm

What's it gonna take?

Freeeeeeeeeeee !

Shackle their minds when they're bent on the cross

When ignorance reigns, life is lost

Shackle their minds when they're left on the cross

When ignorance reigns, life is lost

Shackled our minds when we're bent on the cross

When ignorance reigns, life is lost

Shackled our minds when we're left on the cross

When ignorance reigns, life is lost, lost, lost!

Shackle your minds and you're left on the cross!

When ignorance reigns, life is lost!

Just shackle your minds when you're bent on the cross!

When ignorance reigns, life is lost, lost!

Why stand on a silent platform?

Fight the war, fuck the norm

Why stand on a silent platform?

Fight the war, fuck the norm

Why stand on a silent platform?

Fight the war, fuck the norm

Why stand on a silent platform?

Fight the war, fuck the norm

I almost changed it, but I thought the "flake" part added a nice touch.

The best part about threatening to rampage is that it means Kedusha can't get a stitch of work done for fear of what he might miss.

as Shmuel klemenberg said: fact is stranger than fiction because fiction has to make sense

great to hear, Rage!

take a swig

dance a jig

fly a kite

with all your might

say hi

to every passerby

count to three

soar with me

t'is so good

to have you in the 'hood

Dear Rage,

Your maimer was great, as usual.

The lyrics to the song made me nauseous.....as usual.

Thanks.
