

New Feature on Our Site - Inspiring Music

I added an Inspiring Music page to our site, to help chase away the Tumah & arouse feelings of Kedushah!

Check it out: [www.guardureyes.com/GUE/Music/Music.asp](http://www.guardureyes.com/GUE/Music/Music.asp)

(It's linked from the home-page as well as the Kosher Isle)

I welcome any comments or additional links to inspiring Music...

According to the Chassidic Masters, "In the upper worlds, the world of Teshuvah is next to the world of Negginah". (Source anyone?)

The new music page is an unbelievable arsenal against the big Y"H. This together with the "wall of honor page" are two unbelievable assets. I can see that the Ribbono Shel Olam is giving us heavenly aid to make that final KO.

I heard once a great vort concerning music. I believe that it was from the L'kutei Moran.

The Torah is comprised of Osios (letters) which we see in the sefer Torah. The letters have the most Gashmei attribute, (physical) so we see them. The next higher level is the Ketarim of the osios, which we also see, and then comes the Nekudos which are of a yet higher level, that we already cannot see them.

But, the highest level is the Trop. The musical cantillations are of such a high spiritual nature, (the absolute highest), that we cannot see them at all, and it is for the reason that we are to be marbeh b'zimors on Shabbos.

I also heard once in the name of the Shomer Emunim Rebbe, whenever the Y"H starts with improper thoughts, if we begin to sing Shabbos zimros, (even in the middle of the week), this will burn out these improper thoughts.
