Dear friend,

Even Though The Ship Sunk....(the crew was still rescued!)

Not only when the ship is Sinking, do we still never give up hope, BUT, EVEN when the ship  
has already sunk.....there is STILL hope, and a new beginning.

The Moldovan vessel, carrying more than 3,000 tons of metal, was headed towards Ashdod  
when the ship's captain reported water entering the ship, which was rocked by 30-foot high  
waves in gale force winds of more than 100 kilometers (65 miles) an hour.

Some of the crew had jumped into the sea, but no one required medical care.
